[Retirement Planning In The Red Zone: Identifying and Filling The Retirement Budget Gap](http://ezinearticles.com/?Retirement-Planning-In-The-Red-Zone:-Identifying-and-Filling-The-Retirement-Budget-Gap&id=6495588) by *Michel A. Bell*

The difference between today's value of planned retirement income and expenses yields the retirement budget gap ("gap"). It is your retirement savings' goal. To preserve and grow retirement capital, identify it early, and work to close it over a predetermined period.

[Thinking of An Unplanned Career Change? How About Trying God's Way?](http://ezinearticles.com/?Thinking-of-An-Unplanned-Career-Change?-How-About-Trying-Gods-Way?&id=5204882) by *Michel A. Bell*

Are you thinking about your next career move? Considering retiring? The ideal early retirement and perfect post retirement activities? Ten years ago, I answered yes to each question. Then I heard this "nagging inner voice" telling me to let it go, and listen to God's goal. Uncomfortable, distraught, fearful, I knew I needed to heed that voice and follow God's lead.

[Retirement Isn't Biblical](http://ezinearticles.com/?Retirement-Isn't-Biblical&id=5134108) by *Michel A. Bell*

So, should a Christian retire? Although there are no biblical bases for retirement today, the Bible shows matured folks who moved from their main jobs and careers to other tasks God prepared for them. The Bible shows too, sometimes God tells us to prepare others to replace us to do His call. This succession planning recognizes two essential ingredients.

Mortgage Life Insurance - The Best Approach by *Michel A. Bell*

Insurance is risk management. So, for each type, you need to identify the risk to cover and the best way to do it. Mortgage life insurance, like other insurance types, could be expensive, so you need to understand that the inherent risk is the same as for normal life insurance.
