

Hope Fulfilled at Christmas

His birth 2000 years ago, heralded centuries earlier by the prophets, brought Hope to a world striving for happiness but only grasping emptiness!

Opinions about Him, divided when He was born; divided when He ministered and extended His grace; remain divided today!

Promises abound in His Word, thousands in number, about His unconditional love, His sufficient grace, His mercy and His perfect peace that we find so difficult to understand!

Eternal life that He offers, no one can take away! Let us remember that difficulties we encounter are never here to stay; viewed in light of eternity they will pass and become like pebbles scattered among beautiful white sand!
